

January 17th 2026

Hello Dancers,

Sveta, Jason, and myself would like to start by saying THANK YOU!!! We realize there are many events out there to choose from, and well, we are very grateful you are giving us the opportunity to show you what we have in store for a great weekend. We have a vision of a FUN, EXCITING, HIGH ENERGY EVENT. Along with an AMAZING pro show and most importantly an amazing level of dancing. So thank you for considering the 2026 Colorado Winter Classic as a possible stop on your way to becoming the best dancer you can become!

Come see what the "Mile High City" is all about! Denver gets its nickname through its location on top of a mountain range, though this is not all its known for. They are known for their art, culture, food, music, and sports. Denver is a hub of memorable experiences. Here are a few that we suggest to visit. Larimer Square, Red Rock Park and Amphitheater, Coors Field, Denver Botanic Gardens, LoDo, Union Station, and Denver Art Museum. And of course Denver is also a hub to fly into for so many other locations to go skiing, cross-country skiing, sledding, snowboarding, or just a relaxed time to see the beautiful snow capped mountains.

Please join us at our beautiful venue, Hyatt Regency Denver Tech Center on January 17th, 2026. So, don't miss out on a great weekend here in Denver Co. Reminder, it will be a little chilly so bring a wrap and enjoy the surrounding areas. With plenty of shopping around, and the amazing skiing, be sure to keep your Sunday open and make it a mini vacation for some fun around town or a near by resort.

Live with purpose, passion and love.....

Your organizers,

Eddie Stutts with Sveta and Jason Daly
